PC NO	PART NAME	QTY

Able to create a parts list no problem. Is there a way to include the Values from the Component Attributes into the parts list?

Need to have all Values from the attributes  
in the BOM for each Component

Ultimate goal is to be able to create an excel BOM formatted as below

Detail No.	QTY	Description	Dimension	Material	Heat_Treat
TX8319-010	1	COOLING PLATE 1	80 X 400 X 700	A36 (SAE-1025 B-PL)	
TX8319-011	1	COOLING PLATE 2	80 X 400 X 700	A36 (SAE-1025 B-PL)	
TX8319-012	1	COOLING PLATE 3	80 X 680 X 1200	A36 (SAE-1025 B-PL)	
TX8319-040	1	COOLING PLATE 4	80 X 400 X 700	A36 (SAE-1025 B-PL)	
TX8319-041	1	COOLING PLATE 5	80 X 400 X 700	A36 (SAE-1025 B-PL)
