

This is the resulting parent-child DataGrid. This is what it shows if you expand the parent row:

	LogEntries_I	Revision	User	Date	Message
⊕	1179	2213	pgs	3/6/2014	Changed whi
▶ ⊕	1183	2209	pgs	3/5/2014	Undid the cha
	LogsDetails				
⊕	1190	2202	pgs	3/3/2014	Made change
⊕	2848	544	kao	7/10/2012	sp3 changes t
⊕	2940	452	kao	6/12/2012	I created bas
⊕	3311	81	kao	1/31/2012	backup of bas
*					

You then have to click on the LogsDetail link to see this:

◀ TOP: LogEntries_ID: 1183 Revision: 2209 User: pgs Date: 3/5/2014 Message: Undid the changes I made last July. ▶									
	LogEntries_I	Revision	Author	Date	Message	SVN_Status	Assigned_TO	Date_Comple	Comment
▶	1183	2209	pgs	03/05/2014	Undid the cha	(null)	(null)	(null)	(null)
*									

Then you have to click on the left arrow in the upper right to go back to the main grid.
