

BOM qty title confusion

The screenshot shows the SolidWorks interface with a Bill of Materials (BOM) table open. The table has columns for ITEM, NOMD PH, NAME, and QTY. A red circle highlights the entry for item 2, which is 'G059 KINK TEST VERTICAL, 190'. The 'NAME' column contains a long, complex string: 'G059 C (190 VERTICAL) / G059 C (V98 G059 C VERTICAL) / 20 950 / QTY. 1'. This string is also circled in red. The 'QTY' column shows '1' for this item. The table also includes items 1 and 3, both 'G059 KINK TEST VERTICAL, 190' and 'G059 KINK TEST VERTICAL, 200' respectively, with quantities of 1 and 1.

ITEM	NOMD PH	NAME	QTY
1	G0592	KINK TEST TOOL BASE	1
2	G059	KINK TEST VERTICAL, 190	1
3	G059	KINK TEST VERTICAL, 200	1
