

Algo Centre Mall Critique

- Notifications
 - There is no indication, within the **Report**, that any of the professionals were notified that their work was being reviewed. This is contrary to the requirements of some professional associations.

Algo Centre Mall Critique

- Notifications Con't
 - For this presentation, Dr. Hassan Saffarini, P.Eng., was advised of my review. In addition, he was informed that the correspondence advising him of this review, would also be included as part of the presentation.

Algo Centre Mall Critique

- Notifications Con't
 - There is no information presented in the **Report** that any of the other consultants or suppliers were advised that material had been retained as evidence.
 - By advising them, it affords them an opportunity to examine it or undertake any forensic testing of their own.
