

Typical 550 kV GIS Module

Rated voltage 550 kV

Disconnecter and maintenance earthing switch

Capacitive current switching capability	mA	500
Bus transfer current switching capability	A/V	1600/40
Opening/closing time	s	<2

Fast-acting earthing switch

Switching performance

Making capacity

- Current	kA	63
-----------	----	----

Inductive currents

- Voltage	kV	25
- Current	A	200

Capacitive currents

- Voltage	kV	25
- Current	A	25

Motor running time	s	<5.5
