3" THICK PRECAST
ROOF DECK FROM 1957

This photograph shows a close-up of a precast concrete roof deck. The concrete is light-colored and has a rough, textured surface. A wooden beam is visible behind the concrete, and a metal track is on the left. A red arrow points from the text label to the concrete. Another red arrow points from the text label to the welded wire reinforcement embedded in the concrete.

WELDED WIRE
REINFORCEMENT
